## **Bricks Provided by** THAT'S MY BRICK!®

Adept Engraving, LLC has been working with thousands of organizations throughout the country helping them to raise funds for various causes through That's My Pan!® Fundraisers. We are now offering personalized bricks to further the success of our fundraising organizations. Our bricks are great for plazas, memorials, walkways, and anywhere else you use bricks! Show your support by personalizing a brick today!

## **The Marking Process**

That's My Brick!<sup>®</sup> uses a patented, laser-based marking process that produces a layer of black, fused glass on any color surface of the brick or tile. The marks are flush with the surface of the brick or tile, which means less maintenance and no chance of wear-based damage.

All samples passed each of the ASTM-specified test conditions (Freeze/Thaw cycling, Salt Spray exposure, Ultraviolet Light exposure) with flying colors. The independent testing has proven that bricks marked with our process and installed properly in your project will last longer than our lifetimes.

Sullivan

SullivanArc is relocating two of our day programs, our administrative offices, and a new Wellness Center to our recently renovated building on Cimarron Road in Monticello. We are offering a unique opportunity for you to be a part of this renovation by having your name, business name, or loved one's name permanently installed for posterity on the brick paver sidewalk leading to the front door.

The sidewalk will be professionally installed and will serve as a daily reminder of the families, businesses, and friends who help us to continue our excellent service to people with developmental disabilities.

Consider writing your brick "In Honor of" or "In Memory of" a SullivanArc individual.
